Welcome to Sannai-Maruyama Village!

The Sannai-Maruyama Site has been well-known since the Edo Period. Excavation which began in 1886 revealed a large settlement from the late Yayoi and Kofun periods. Research on the site continues today. Many pit buildings, pillar-supported buildings, mounds, and burial pits have been discovered. The site was registered as an Important Cultural Property in 1987, and in 2005, it was designated as a World Heritage Site.
